

BRAND GUIDE

How NBC looks, sounds and behaves. Built on the Algo Peers brand system.

Version 1.0 · September 2026 · A proposal: not yet tested with children, families, facilitators or buyers

TURN INTELLIGENCE INTO CAPABILITY

MASTER LINE

Learning infrastructure for the next billion children.

SUPPORTING LINE

Programmable physical learning environments where children build, experiment and develop capabilities with shared AI.

Positioning: for programme operators, schools and families who want children to build real capability, not just get answers from AI. Unlike screen-first apps, costly kits or tests of recall, NBC shows what a child can do when the task changes, and keeps that record with the family.

WHO IS WHO

NAME	ROLE	HOW TO SHOW IT
NBC (Next Billion Children)	The venture and the long-term learning infrastructure	The NBC lockup. Always the lead brand
Algo Peers	Delivery partner, relationships and research base in Cape Coast, Ghana	In words only: "NBC is built by Algo Peers." Never place the Algo Peers logo next to NBC's
Learning Worlds (working name)	The offer: designed learning experiences for programmes	A name in type, with the yellow experience colour
Papa Algo	A character children meet	Only on child-facing surfaces, where it fits

THE PIECE AND THE WORDMARK

- **One colour only:** ink on white, white on brand colours and ink.
- **Clear space:** half the height of the piece on every side. **Minimum width:** 120px for the lockup, 24px for the piece.
- **The piece alone** is for small spaces: app icons, favicons, footers.

DON'T

Recolour it or use several colours

Stretch or squash it

Rotate it

Put it on gradients or busy photos

Use white on yellow or green

Lock it up with another logo

COLOUR CARRIES THE THESIS

These are the seven Algo Peers colours, unchanged. Use the **role**, not the raw colour: pick a colour for what it means.

FIVE RULES

Green is never a grade

Green means capability that held up. Never use it for pass, level, score or "correct".

One orange per view

Orange marks the child's action and the single main button. Don't spread it around.

Coloured text uses ink tones

For words on white: #C2410C, #00804D, #8A5A00, #0060DE, #6833D9. All pass 4.5:1 contrast.

Flat, always

Solid blocks. No gradients, shadows or borders on cards.

Status colours are for the interface

Info, success, caution and error describe the screen, never a child.

Dark theme

Ink is for dark decks and evening use. White is the default page.

THREE FACES, THREE JOBS

TITLES • UNBOUNDED EXTRABOLD • UPPERCASE • –3%

**CHANGE ONE
THING**

Covers Twi and Fante letters: ε ɔ η. Free (OFL).

BODY • CERA ROUND PRO (LICENSED) • NOTO
SANS IN PUBLIC FILES

Children predict, test,
explain and try again.

Heading 36px medium • body 16px • adult
minimum 14px

CHILDREN'S READING • ANDIKA

What will happen if you
make the ramp higher?

Minimum 20px body, 18px labels

Sentence case for everything except titles. Keep lines to about 65 characters.

INSPIRATIONAL, BUT GROUNDED

DO	DON'T
"51 learners from 34 communities built 7 working prototypes in Cape Coast."	"Transforming thousands of lives across Africa."
"Testing now: can outside facilitators run it?"	"Proven to boost learning."
"See how your child takes on a challenge."	"Your child scored 87%."
Make learners and educators the subject.	Make the technology the hero.
Label claims: observed, provisional, proposed.	Mix vision with what we sell today.

BLOCKS, PIECES AND MEANINGFUL LINES

Blocks

Flat colour fields carry covers and sections, one role colour per block.

The capability graph

Pieces are nodes; every line has a stated meaning. Similarity is never drawn as transfer.

The piece: a square with one fully rounded corner, bottom right. It is the only filled brand shape.

SIMPLE, OUTLINE, ALWAYS WITH A WORD

Icons

Outline style, 1.5px stroke (2px below 20px), one colour, always paired with a label.

Buttons and chips

Pill shapes. One orange main action; everything else ink outline.

Book a pilot conversation

See the worlds

PROVISIONAL

CHECK IT

ILLUSTRATIVE

THE SYSTEM IN USE

Deck cover: ink theme, lockup, master line

Website: white page, lockup, one orange button

Social post: one block, one line

RULES WE NEVER BEND

- **No scores, ranks, streaks or percentages about a child**, anywhere in the brand.
- **Photos of children** only with written consent from a parent or guardian, and never with names attached in public.
- **Show children doing**, not posing: hands, materials, the thing they built.
- **Label content:** mark anything illustrative or simulated, and give figures their period and denominator.
- **Records** keep what a child did apart from what we infer, and always offer "Correct this record".

TO SETTLE BEFORE LAUNCH

- **Trademark clearance** for "NBC" and "Next Billion", which already have other uses.
- **Font licence:** confirm Cera Round Pro covers NBC if it becomes a separate company.
- **Learning Worlds** is a working name, pending review.
- **Testing:** try the brand with children, families, facilitators and buyers.

Assets: logos and design tokens in the **brand/** folder of the NBC repository.
